

# Kwanzaa Lacing Cards

Thank you for downloading this FREE resource at ChildCareEd! These lacing cards support fine-motor skills and hand-eye coordination with a fun holiday theme. Teachers should laminate the images after printing and cutting them out for durability. Use a hole-puncher to punch out holes at the white circles.

Materials needed:

- Lacing cards (printed, cut out, laminated, and hole-punched)
- Yarn
- Child-safe plastic needle (optional)
